Dipsy's Cable-Lace-Scarf

This scarf was a pretty quick knit, especially with the yarn that I was using - a Merino-mix that warmed my hands while knitting and will see me through any drop in temperatures ;)

Materials: 8 skeins of "Cora" Linie 20 by Online, ca. 85m/50g - any yarn will work, but of course the warmer and thicker, the better!

Needles: Inox European Size #5

Abbreviations:

k2tog: knit the next two stitches together

skp: slip one st knitwise, knit the next stitch, pass slipped stitch over

C6F: slip the next 3 stitches onto a cable needle and hold them in front of the work; knit the next 3 stitches; then knit the 3 stitches off the cable needle.

Yo: Yarn Over

Repeat rows 1 - 24 until desired length or you run out of yarn. My scarf is about 1,50 m long - yummy!

Finishing:

For the fringe, cut as many strands of yarn as you wish in your desired length.

To get them into the scarf a bit easier, add a crochted row on both short sides of the scarf, where you intend to place the fringe: One single crochet, 3 chains, one single crochet into the third stitch after the one you placed the last single crochet into - go on like this till the end.

This will create a little eyelet along the hem in which you can easily attach the strands - use as many as you want, just not too many perhaps. I used 5 strands in every eyelet. Then block as usual - and enjoy!
